

2025 Back to School Campaign PROBLEM LOG

The **Problem Log** is a Back to School (BTS) campaign tool used to collect real-time specific information about cases when children are not able to register in school. The expectation is that the reporting organization will solve the case locally. When it is not possible, UNICEF will advocate at the central level for a solution.

Please use the link to report a problem: <https://okuladonus.org/okula-donus-sorun-kaydi/>

*Out of 174 open cases, 58 cases referred to public authorities and 8 cases referred to other NGOs.
